OUR VISION

To be the leading provider of quality private education and training services to pupils in all sectors of society and economy.

OUR MISSION

- We aim to offer appropriate and value for money quality education and training services based on effective rigorous modern teaching methods provided in a safe and supportive environment.

OUR VALUES

The values which matter most to us are:

- | | |
|------------------------------|--|
| • Fairness | We treat our pupils, employees and all stakeholders in a fair and respectful manner. |
| • Forward Movement | By constantly improving and advancing our capacity, our facilities and aiming for higher achievements, we aim to ensure that our school continues to serve future generations. |
| • Professionalism | We act in a professional manner and set an example in our conduct, practices and policies. |
| • Focus on people | We recognize that sound education involves successful human interaction on a personal level. |
| • Rewards and Results | We aim to provide our pupils, our employees and our shareholders with the highest possible benefits and positive outcomes. |
| • Care and Responsibility | Those who we place in positions of leadership, take special responsibility for our pupils by showing care for their safety and ensuring their needs are met. |
| • Effective service delivery | By using resources wisely and within the means created by our income, we achieve a high level of services and results. |

CLASSES

○ Nursery schools - baby care to kindergarten

Our pupils are making huge developmental leaps, learning to express themselves, explore the world, and make friends. Nursery schools help support their growth and development while instilling a love for learning.

○ Primary – grades 1-7

Primary is typically the first stage of formal education and forms the bedrock of development. It is in primary school that pupils learn foundational skills that prepare them for life and work. We as Royal School pledges to guide them every step of the way.

○ Secondary – grades 8-12

We provide an environment where our pupils develop into self-directed, responsible and critical thinkers who don't give up despite all the difficulties.

SURROUNDINGS

- PLAYING GROUND/SPORTS FIELD (M. O. U signed, Where necessary): the school had entered into the M.O.U with Ndola city council to be using kwacha centre as sports field.
- ECE PLAY PARK

ACHIEVEMENTS IN THE LAST TWO YEARS

- The school had managed to buy two (2) minibuses
- All the classes have been filled with desks
- Number of staff has been increased
- Administration block has been extended

OTHER SERVICES

TRANSPORT

We have spacious busses ready to pick and drop off our pupils from various locations across the city.

Lunch

We also provide nutritious meals prepared by our well trained chefs.
